

## AB Resources LLC

### Senior Landman

AB Resources LLC is an oil and gas producer engaged in exploration and development in the Appalachian Basin. This privately held exploration and production Company is on a fast track for growth and seeks a Senior Landman interested in playing a key role in this endeavor. We provide a stable, growing environment with great professional potential.

The Senior Landman position will perform a vital role as a member of our team. He or she will spearhead all company land functions including but not limited to; supervision and implementation of the company's lease acquisition and administration, well permitting, title reviews, division orders, pooling agreements and joint venture contracts. The position requires project management capabilities as well as an ability to multi-task and prioritize. This position reports to the Vice President of Land. Occasional travel throughout Ohio, Pennsylvania, and West Virginia is required to meet objectives.

Location: Brecksville Ohio

#### **Requirements:**

- Excellent verbal/written communication skills. The successful candidate must have proven management ability along with a strong leadership aptitude in order to deal with conflict resolution.
- A proven career history working with oil and gas land functions including leases, joint venture agreements, bonding requirements, regulatory project management, farm-ins, farm-outs, traditional land contracts, title, curative documents, permits, meter site agreements, rights-of-way and other surface use agreements, excellent mapping skills (tax, topo & farmlines), computer skills, etc... This multi-faceted candidate will always keep a "big picture" of AB Resources LLC land related initiatives.
- Proficiency with word processing, spreadsheet applications and other computer applications desired.

#### **Minimum Qualifications:**

- Undergraduate degree or a combination of education, experience, and AAPL Registered Land Professional (RLP), Certified Professional Landman (CPL) designation is a plus.
- 10+ years of experience with specific exposure to land work in the Appalachian Basin (WV, PA, OH)
- Broad understanding of oil and gas operations as they apply to the land function.
